    - Is there a way to receive an alert when a volunteer cancels? Yes, but not all families give enough notice to let us adjust concession stand duties or some are just no shows.
    - Possibility of a no show/last minute cancellation list to keep track for scholarship qualifications.
    - Possibly adjusting the schedule for next year for which soccer games we will open for next year.
    - The new hot chocolate machine is ready to roll for Friday's game.
- Athletic Director's Report: Kevin McKeown
    - Homecoming opponent question- Who decides who we are playing on homecoming game? Response: Lots- schedule planning starts 6 months or more before the season. There is also a master conference schedule that needs to be considered. Only 4 home games to choose from this year. Need to look at band schedule, student council and all other components of

homecoming that are not athletic/football related. With all those factors- the Lockport game was chosen, even though it was not the ideal date for football/athletics.

- Request from attendee: Can we look into ways to get families and kids to other sports competitions other than just football games. Spectators for not only Senior nights for all teams, but also to just general games for celebrating athletes from ALL sports.
- Black and Gold format for Winter season will be different- Start dates range from Oct. 26-Nov.23 for Winter sports. So teams will all have their own Black and Gold night activities.
